

DPO PRO PARTNER PROGRAM

2021

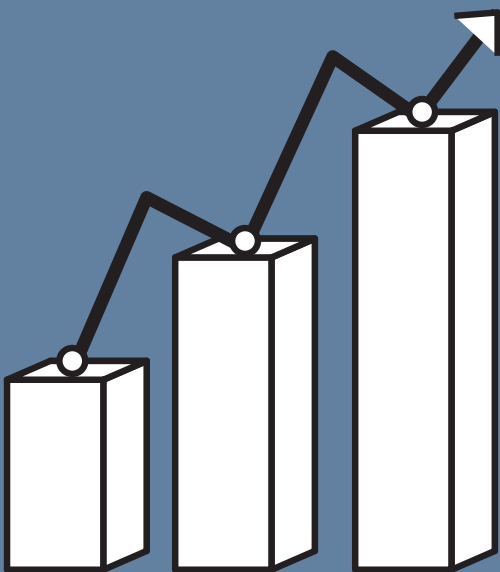

ABOUT THE PROGRAM

The DPO PRO partner program is the easiest way for influencers and thought leaders in the family history space to make BIG money without having to spend countless hours putting together and maintaining own self-hosted courses online.

DPO PRO®: The Ultimate Photo Organizing Masterclass has been a premier program for learning how to get digital photos organized since its creation in 2016. It's led by Caroline Guntur and her team of organizers.

This partner program is for entrepreneurs who interested in offering their clients and followers a DIY solution at a different price point compared to private projects, without the hassle.

Our commission payouts range are generous compared to other similar affiliate programs! We pay out between 30-40% of every net sale (based on volume), which can be as high as US\$998 per new customer. Commissions are paid out monthly.

Commission Ladder

You will earn:

- 30% on Sales 1 - 25
- 35% on Sales 25- 50

ABOUT DPO PRO

DPO PRO®: The Ultimate Photo Organizing Masterclass is made up of six modules that guides students through the process of organizing their memories from start to finish!

1. Welcome & Introduction

In the first module, students will find an overview of the entire course, as well as the course workbook.

2. Digital Basics

In this module, students will learn all the basics they need to know in order to work with your digital photos, including file formats, metadata, formatting, and backing up.

3. DPO Flow

In this module, students will learn what DPO Flow means, how to plan out their photo ecosystem, and how to set it up.

4. Customized Organization

In this module, students learn different techniques for how to organize photos, including albums, folders, collections, ratings, color-coding, facial recognition, advanced metadata, and much more!

5. Digital Maintenance

In this module, students learn about different ways to keep digital clutter at bay. We also set up their maintenance and backup strategies!

6. Celebrate & Share

In this module, students learn ways to share and work with photos after they're organized! We also talk about best practices in cloud storage, and they get tips on how to best preserve their photos for the future!

VIP Students also get:

- Monthly Group Coaching
- A Backup Template
- Training on Time Management
- Training on Cloud Storage
- A Controlled Keyword Vocabulary

VIP + Private Coaching Students also get:
